

Data Specification for Laboratory Data and Sewage Flow Data

Laboratory Data and Sewage Flow Data are provided by the Shatin Central Laboratory of the Drainage Services Department. This web service returns up-to-date data in CSV format.

Laboratory Data and Sewage Flow Data

Column	Description	Unit
Sampling Date	Date of Collect Sample	
Sewage Treatment Works	Sewage Treatment Works	
Daily Flow (CuM/d)	Daily Flow	CuM/d
BOD_SYMBOL	When the value with symbol means the test result is lower than the reported value	
BOD	Biochemical Oxygen Demand Test	mgO2/L
TSS_SYMBOL	When the value with symbol means the test result is lower than the reported value	
TSS (mg/L)	Total Suspended Solids Test	mg/L
NH3-N_SYMBOL	When the value with symbol means the test result is lower than the reported value	
NH3-N (mg/L)	Ammonia-Nitrogen Test	mg/L
NOx-N_SYMBOL	When the value with symbol means the test result is lower than the reported value	
NOx-N (mg/L)	Nitrate + Nitrite Test	mg/L
OG_SYMBOL	When the value with symbol means the test result is lower than the reported value	
OG (mg/L)	Oil & Grease Test	mg/L
TN_SYMBOL	When the value with symbol means the test result is lower than the reported value	
TN (mg/L)	Total Nitrogen Test	mg/L
pH	pH Value	
E.coli (cfu/100ml)	<i>Escherichia coli</i> Test	cfu/100ml
