## *REVIEW OF THE YEAR 2021-22*

### **ACTIVITIES**

- Volume of sewage treated is 1,036 million cubic metres, representing a decrease of 0.8% against the previous year.

### **FINANCIAL PERFORMANCE**

- Revenue decreased by 4.3%
- Expenditure increased by 3.7%
- Deficit after taxation increased by 6.5%
- Deficit after taxation as percentage of expenditure increased from 73.5% in 2020-21 to 75.6% in 2021-22

## NOTES TO THE ACCOUNTS

### 1. Accounting Policies

- |                                |   |
|--------------------------------|---|
| (a) Basis of Accounting        | The accounts have been prepared on the historical cost basis of accounting modified to include notional receipts and payments. Although the Sewage Services has incurred deficits since inception, the accounts are prepared on a going concern basis on the assumption that the deficit will be met by a corresponding subsidy from the Government.  |
| (b) Fixed Assets               | <ul style="list-style-type: none"><li>(i) No cost is included for land.</li><li>(ii) By a Resolution passed by the Legislative Council on 26 July 1995, the assets comprising the public sewerage systems and sewage disposal facilities under the control of the Director of Drainage Services on 31 March 1995 as set out in the document titled “Inventory of Public Sewerage Systems and Sewage Disposal Facilities as at 31 March 1995” were appropriated to the Sewage Services Trading Fund (SSTF) at a zero valuation. Upon closure of the SSTF, these assets have been reverted to the Government. The net book values of these assets are shown in note 6.</li><li>(iii) All sewerage projects, or part thereof, are accounted for as fixed assets upon commissioning and subject to depreciation.</li><li>(iv) All fixed assets are stated at cost less accumulated depreciation except projects under development which are stated at cost.</li></ul> |
| (c) Projects under Development | <ul style="list-style-type: none"><li>(i) For capital projects, the costs include the actual direct expenditure, and staff costs for design, planning and supervision during the construction period.</li><li>(ii) Expenditure incurred on all sewerage projects funded under the expenditure vote of Drainage Services Department and other works departments is capitalised as projects under development. Upon commissioning of the projects or part thereof, the related expenditure incurred will be transferred to the respective categories of fixed assets.</li></ul>   |

## NOTES TO THE ACCOUNTS

- (d) Depreciation
- (i) Depreciation is provided on a straight-line basis to amortise the cost of fixed assets less residual value over their estimated useful lives.
- (ii) The annual rates of depreciation used are -
- |  |             |
|--|-------------|
| Sewage treatment works                   |             |
| • Civil works                            | 2%          |
| • Electrical and mechanical equipment    | 6.7%        |
| Pumping stations                         |             |
| • Civil works                            | 2%          |
| • Electrical and mechanical equipment    | 4%          |
| • Rising mains                           | 4%          |
| Infrastructural assets                   |             |
| • Tunnel sewers                          | 1%          |
| • Sewers                                 | 2.5%        |
| • Outfalls                               | 2%          |
| Sludge treatment facilities              | 2%          |
| Leasehold improvements                   | 33% - 35%   |
| Computer systems, equipment and vehicles | 12.5% - 20% |
- (iii) No depreciation is provided on projects under development.
- (e) Stocks in Hand
- Stocks in hand are valued at cost using the weighted average cost method subject to any write-off or write-down that may be necessary to reflect the individual losses in value as a result of obsolescence, damage and/or deterioration. Stocks include mechanical, electronic and electrical spare parts, and chemicals.
- (f) Taxation
- (i) Notional profits tax is provided, where necessary, based on the expected taxable surplus for the year, using tax rates prevailing at the reporting period end date, and any adjustment to tax payable in respect of previous years. No provision for notional profits tax has been made in the accounts as the Sewage Services has no taxable surplus for the year.
- (ii) Deferred tax is recognised, where appropriate, for all material temporary differences between the tax bases of assets and liabilities and their carrying amounts in the accounts. Deferred tax assets are recognised to the extent that it is probable that taxable surplus will be available against which the temporary differences can be utilised. No provision for deferred tax in respect of all material temporary differences has been made in the accounts as the Sewage Services has no taxable surplus against which the temporary differences can be utilised.

# Sewage Services

## NOTES TO THE ACCOUNTS

(g) Employee Benefits | Employee benefits including salaries, gratuities, pensions, housing benefits and annual leave are accrued and recognised as an expense in the year in which the associated services are rendered by employees.

(h) Deficit | Since the Sewage Services does not have a separate legal identity, its financial resources form part of the General Revenue. All deficits are deemed to be financed by the General Revenue and adjusted to the Public Capital Account.

### 2. Revenue

	<b>2022</b>	<i>2021</i>
	<b>Total</b>	<i>Total</i>
